Paparon, Daniel John A.

BSIT-2B

MANUAL

LOGIN PAGE

The user will be authenticated here, which means that the user will log in his/her

credentials/account, note that if their roles are different, they will be logged on to different

dashboard, which if the user role is Manager or Cashier, they will be directed to their own
dashboards.

Manager Dashboard

WELCOME TO MANAGER DASHBOARD

daniel

USERS

order_id	total_amount	date	u_fid
2	50.0	2025-05-22 00:2...	6

BACK

Current User:

In this feature (Still in the Manager side): This is where the manager manage the users, the manager

can add users here, update, and delete.

This is where the manager can add users here all the info needed to input.
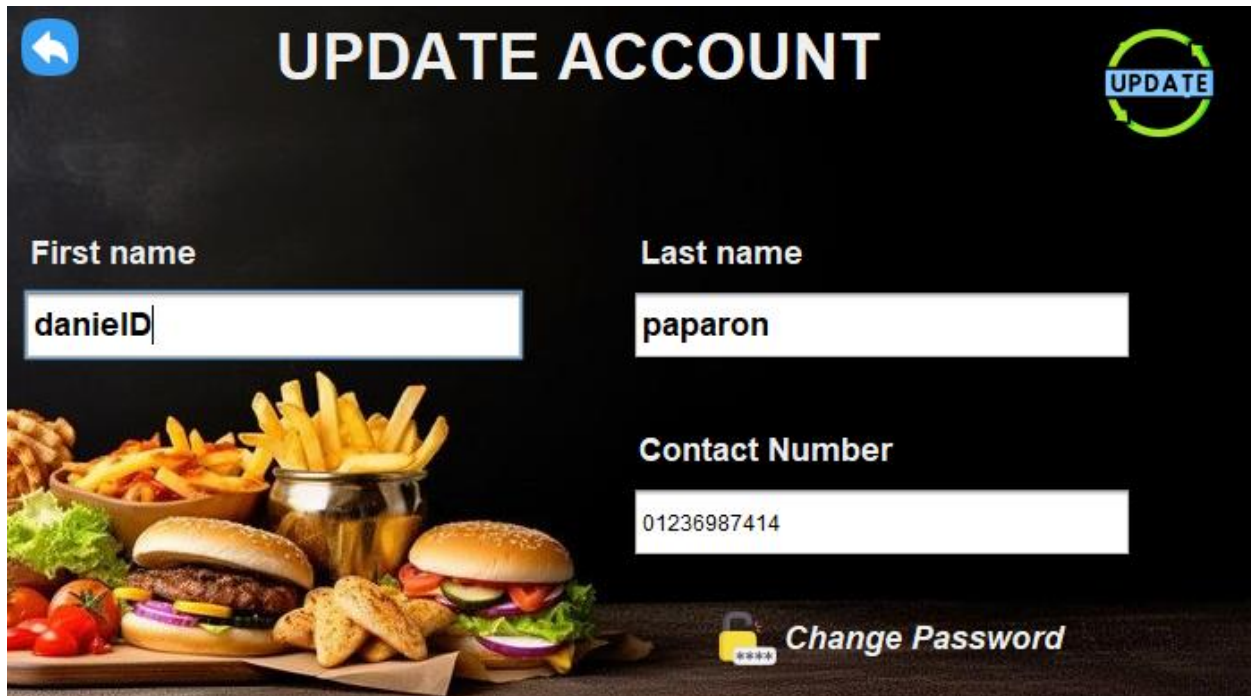

This is where the manager can edit the information of the users

Cashier Dashboard

This is the Cashier Dashboard this is where you will be redirected after logging in as cashier here you can pick to add orders.
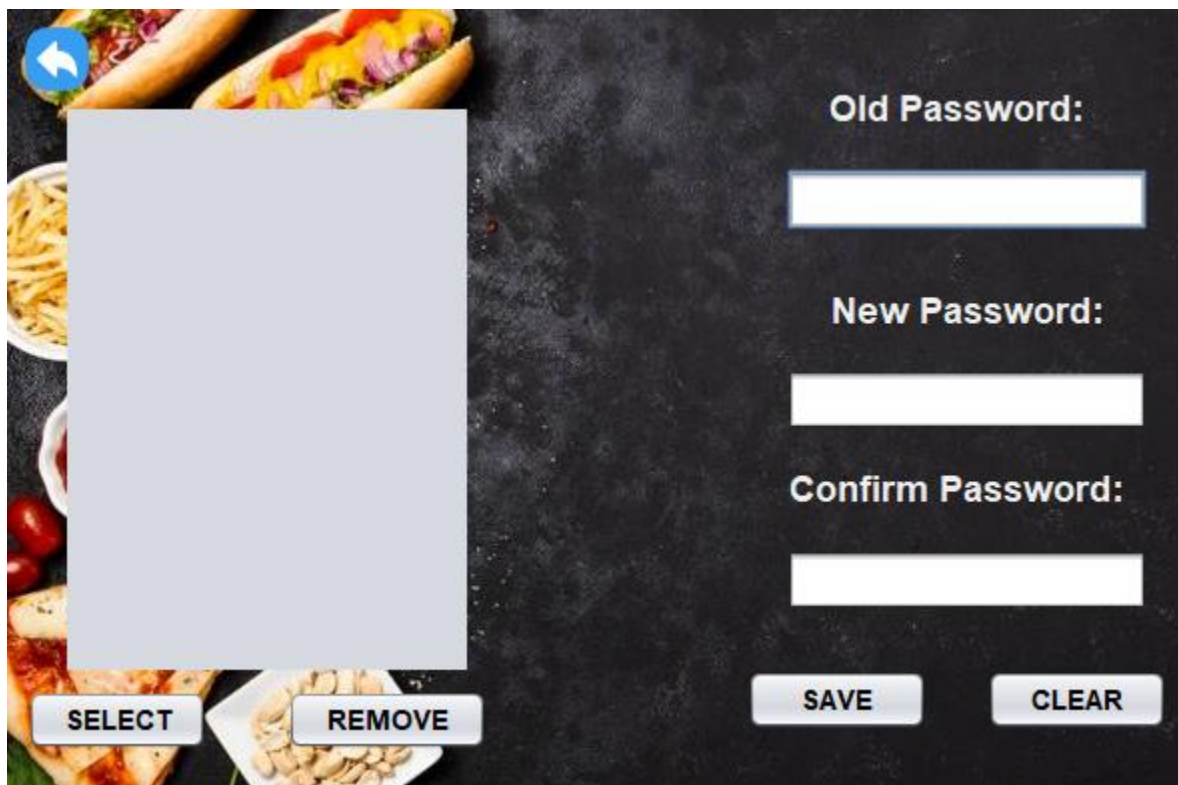

UPDATE ACCOUNT

UPDATE

First name

danielD

Last name

paparon

Contact Number

01236987414

🔒 *Change Password*

Now this is where you can update the user account the name and contact number

Old Password:

New Password:

Confirm Password:

SELECT   REMOVE

SAVE   CLEAR

Now this is where you can change your password and also put a picture into your account

Food Menu

8:11:54 PM   Friday, 30-05-2025

Name: Burger	**Name:** Fries
Price: 25.0	**Price:** 20.0
Quantity: 0	**Quantity:** 0
Purchase: ☐	**Purchase:** ☐

This is where we can order the food we can pick here and here also we can print the receipt of the orders that have been ordered.
